hope and help for the holidays and beyond - beyond gender: understanding the ways men and women grieve - kenneth j. doka, phd many individuals believe that if an individual does not show or share sadness or express other emotions, that individual is not in touch with or is suppressing grief.

the power of bereavement support groups - grief - also grieving their loved ones who have died. "this normalising is a powerful antidote to feeling different and alone" (koehler, 2010, p. 326). forums such as support groups have been acknowledged in both research literature and people helping/health care professions, as being an effective and valuable intervention for the psychosocial wellbeing of human beings. indeed, for people who are ...
